

Scalable applications with versatile implementation options

Manage users, curriculums and components as your learning needs evolve.

- Suite includes the Learning Management System (LMS), Interactive Courseware, Authoring Tool, and Assessment Builder.
- Standardizes training with measurable results
- Available on demand

LEARNING MANAGEMENT SYSTEM

Deliver, Manage and Track Learning

- Role-based access
- Multi-language interface
- Powerful reporting
- Self-registration and scheduling of online and classroom training
- Third-party course hosting
- Local support for global enterprises

The Learning Management System won the 2014 Bronze Brandon Hall Excellence in Technology Award for Best Advance in Learning Management Technology for Compliance Training.

ASSESSMENT BUILDER

Identify Learning Gaps and Opportunities

- Build unique learning paths based on individual employee job roles and job knowledge
- Create customized assessments or surveys from a group of courses or from your own content
- Run detailed reports including test completion, scores and missed questions
- Generate a curriculum of courses based on a survey response

INTERACTIVE COURSEWARE

Engage Employees with Compelling Content

- Interactive, rich-media delivery
- More than 1400 SCORM 1.2 compliant courses in safety, maintenance and reliability, and human resources
- 20+ languages available
- Branding options to increase relevance
- Video, graphics, and training points to make content more engaging

AUTHORING TOOL

Create Your Own Custom Online Courses

- Use a wide variety of storyboard templates
- Include self-checks and post-tests to assess employee competency
- Intuitive interface for rapid development

The Authoring Tool won the 2013 Bronze Brandon Hall Excellence in Technology Award for Best Advance in Content Authoring Technology.

Professional services

Ensure a successful e-learning deployment with hands-on training, implementation support and technical assistance that meet the unique needs of your organization.
